Davis School Improvement Plan

Review the work plan 2021-2024

Ms. Benoit's reviewed the work plan and gave a brief overview of the work the committee would be doing this year and moving forward. All notes/updates are available in the document everyone's review.

Ann Pumphrey- Math Data Presentation (presentation attached)

Ms. Pumphrey, K-5 Math Coach & Curriculum Coordinator provided the committee with a presentation and overview of student data, growth and achievement in Math update. Ms. Pumphrey explained the different ways Math is taught to students and the data collection processes used to assess students in Math throughout the year.

- All students assessed at the beginning, middle and end of year
- Kindergarten Assessment
 - Interview style assessment-Bedford created
 - Heavy Math intervention being used
- Track My Progress
 - Used by students in grade 1-8
 - Many word problems
 - Gives broad information on student
 - Students can listen to the question as many times as needed.
- 2nd grade uses Bedford Assessment
 - Interview Style-Bedford Created
 - Story problems
 - Number Corner Components incorporated

Next meeting will be held on March 9th, 2022. At that meeting ELA data will be presented
